## Associate of Science in Pre-Professional Studies Worksheet

The PHYSICAL THERAPIST ASSISTANT program is five semesters and contains a sequence of practicum classes that begin in the fall semester each year. Entrance into this PTA sequence is limited to students who have successfully completed the entrance requirements. Copies of the entrance requirements are available from the Admissions Office. The Physical Therapist Assistant Department publishes a student handbook, which delineates specific department/program policies, which are not explained in the general catalog. The specific policies as described in the department's student handbook take precedence over any general policy outlined in the College catalog. A copy of the student handbook is available in the Admissions Office. This program requires an acceptable health physical and verification of immunizations/immunities. Some practicum sites may require an acceptable Bureau of Criminal Identification and Investigation (BCI&I) report/FBI background check and/or drug screening.

Students may begin non-PTA/PHTA courses at any time. **A minimum grade of 77% is required in BIOL 2751, BIOL 2752, STAT 1010, HLTH 1150 and all PHTA courses in order to meet prerequisite and graduation requirements.**

The Physical Therapist Assistant program at North Central State College has achieved the highest standard in accreditation from the Commission on Accreditation in Physical Therapy Education (1111 N. Fairfax Street, Alexandria, Virginia 22314, 1-800-999-2782) since November, 1994, with re-accreditation in June, 1999, for an eight-year period, and in 2008 for a 10 year period.

\* All incoming students will be required to provide ACT scores or take a placement test. Based on their scores, students will be placed in appropriate English and mathematics courses. Successful completion of developmental English, and mathematics prerequisites require a grade of C- or above in the course. Developmental English and mathematics course prerequisites can also be attained through placement testing. See the [Standardized Testing Cutoff Scores](#) for specific tests and test scores.

The College strongly recommends that students be covered by hospitalization insurance, which can be purchased through a private carrier. To obtain a brochure regarding insurance, contact the Student Success Center. (Rm 103 Kee Hall) or call toll free 888-755-4899, ext. 4761 or locally 419-755-4761.
