Associate Degree Nursing Worksheet

The ASSOCIATE DEGREE NURSING program is five semesters and contains a sequence of clinical classes that begins in the fall semester each year. Entrance into this clinical sequence is limited to students who have successfully completed the entrance requirements. Copies of the entrance requirements are available from the Admissions Office. An acceptable Bureau of Criminal Identification and Investigation (BCI&I) report/FBI background check and drug screening are required in order to enter the clinical sequence. The Nursing Department publishes a Program Policy and Procedure Manual which delineates specific department/ program policies which are not explained in the general catalog. The specific policies as described in the department's Policy and Procedure Manual take precedence over any general policy outlined in the College catalog. A copy of the Policy and Procedure Manual is available in the Admissions Office.

Students may begin non-RNUR courses any semester. **A minimum grade of 77% is required in all non-RNUR courses (BIOL 1101, BIOL 2751, BIOL 2752, BIOL 1550, ENGL 1010, CHEM 1030, STAT 1010, PSYC 1010, and PSYC 2010) to meet prerequisite requirements. A minimum grade of 77% is required in all RNUR classes in order to meet prerequisite and graduation requirements.**

* All incoming students will be required to provide ACT scores or take a placement test. Based on their scores, students will be placed in appropriate English and mathematics courses. Successful completion of developmental English, and mathematics prerequisites require a grade of C- or above in the course. Developmental English and mathematics course prerequisites can also be attained through placement testing. See the [Standardized Testing Cutoff Scores](#) for specific tests and test scores.

The College strongly recommends that students be covered by hospitalization insurance, which can be purchased through a private carrier. To obtain a brochure regarding insurance, contact the Student Success Center. (Rm 103 Kee Hall) or call toll free 888-755-4899, ext. 4761 or locally 419-755-4761.
