A. Academic Division: Business, Industry, and Technology

B. Discipline: Computer Information Systems

C. Course Number and Title: CISS 1230 Microsoft Access

D. Course Coordinator: Carmen Morrison  
   Assistant Dean: Daniel Wagner

Instructor Information:
- Name: Click here to enter text.
- Office Location: Click here to enter text.
- Office Hours: Click here to enter text.
- Phone Number: Click here to enter text.
- E-Mail Address: Click here to enter text.

E. Credit Hours: 2
   Lecture: 1 hour
   Laboratory: 2 hours

F. Prerequisites: Pass Computer Literacy Assessment and Keyboarding Assessment

G. Syllabus Effective Date: Fall 2017

H. Textbook(s) Title:
   GO! With Microsoft Access 2016 Comprehensive, Packaged with MyITLab & eText
   - Author: Gaskin, Graviett
   - Year: 2016
   - Edition: 1st
   - ISBN: 9780134572079

I. Workbook(s) and/or Lab Manual: None

J. Course Description: This course is an introductory course in databases using Microsoft Access for Windows. Through a series of hands-on exercises, the student will create and manage databases. Topics include: creating, saving, formatting, and editing tables; designing reports; creating formulas; working with records; creating forms; writing queries; and establishing table relations.

K. College-Wide Learning Outcomes

<table>
<thead>
<tr>
<th>College-Wide Learning Outcomes</th>
<th>Assessments - - How it is met &amp; When it is met</th>
</tr>
</thead>
<tbody>
<tr>
<td>Communication – Written</td>
<td></td>
</tr>
<tr>
<td>Communication – Speech</td>
<td></td>
</tr>
<tr>
<td>Intercultural Knowledge and Competence</td>
<td></td>
</tr>
<tr>
<td>Critical Thinking</td>
<td></td>
</tr>
<tr>
<td>Information Literacy</td>
<td></td>
</tr>
<tr>
<td>Quantitative Literacy</td>
<td></td>
</tr>
</tbody>
</table>
L. Course Outcomes and Assessment Methods:

Upon successful completion of this course, the student shall:

<table>
<thead>
<tr>
<th>Outcomes</th>
<th>Assessments – How it is met &amp; When it is met</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Create and edit a database, query, form and report</td>
<td>Skill exam – hands-on practice to master skills Problem-based project – appropriate application of skills to solve a problem Weeks 1-4</td>
</tr>
<tr>
<td>2. Sort and query databases</td>
<td>Skill exam – hands-on practice to master skills Problem-based project – appropriate application of skills to solve a problem Weeks 5-7</td>
</tr>
<tr>
<td>3. Create forms, filters, and reports</td>
<td>Skill exam – hands-on practice to master skills Problem-based project – appropriate application of skills to solve a problem Weeks 7-9</td>
</tr>
<tr>
<td>4. Manage tables and validate data</td>
<td>Skill exam – hands-on practice to master skills Problem-based project – appropriate application of skills to solve a problem Weeks 9-11</td>
</tr>
<tr>
<td>5. Apply aggregate functions, calculated fields, and parameters to queries</td>
<td>Skill exam – hands-on practice to master skills Problem-based project – appropriate application of skills to solve a problem Weeks 12-13</td>
</tr>
<tr>
<td>6. Customize forms and reports</td>
<td>Skill exam – hands-on practice to master skills Problem-based project – appropriate application of skills to solve a problem Weeks 14-15</td>
</tr>
</tbody>
</table>

M. Topical Timeline (Subject to Change):

1. Create a Table and Define Fields Weeks 1-4
2. Add and Change the Structure of Tables Weeks 1-4
3. Create and Use Queries, Forms, and Reports Weeks 1-4
4. Save, Close, and Change the Properties of a Database Weeks 1-4
5. Create a Database Using a Template Weeks 1-4
6. Organize Database Objects in the Navigation Pane Weeks 1-4
7. Print a Report and Table Weeks 1-4
8. Create Table Relationships Weeks 5-7
9. Sort Records in a Table Weeks 5-7
10. Create a Query in Design View and from an Existing Query Weeks 5-7
11. Sort Query Results Weeks 5-7
12. Specify Criteria in a Query Weeks 5-7
13. Create a Query Based on More Than One Table Weeks 5-7
14. Use Wildcards and Calculated Fields in a Query Weeks 5-7
15. Calculate Statistics and Group Data in a Query Weeks 5-7
16. Create Crosstab and Parameter Queries Weeks 5-7
17. Create and Use a Form to Add and Delete Records Weeks 7-9
18. Create a Form by Using the Form Wizard Weeks 7-9
19. Modify a Form in Design View and in Layout View Weeks 7-9
20. Filter Records Weeks 7-9
22. Modify the Design of a Report Weeks 7-9
23. Keep Grouped Data Together in a Printed Report  
24. Manage and Modify Existing Tables  
25. Change Data types  
26. Attach Files to Records  
27. Create a Lookup Field  
28. Set Field Properties  
29. Create Data Validation Rules and Validation Text  
30. Create Calculated Fields in a Query  
31. Use Aggregate Functions in a Query  
32. Create a Crosstab Query  
33. Find Duplicate and Unmatched Records  
34. Create a Parameter Query  
35. Create a Make Table Query  
36. Create an Append Query  
37. Create a Delete Query  
38. Create an Update Query  
39. Modify the Join Type  
40. Create a Form in Design View  
41. Change and Add Controls  
42. Format a Form  
43. Make a Form User Friendly  
44. Create a Report Based on a Query Using a Wizard  
45. Create a Report in Design View  
46. Add Controls to a Report  
47. Group, Sort, and Total Records in Design View  

N. Course Assignments:  
1. Practice labs to develop mastery of skills  
2. Problem-based Projects to apply skills to solve problems  

O. Recommended Grading Scale:  

<table>
<thead>
<tr>
<th>NUMERIC</th>
<th>GRADE</th>
<th>POINTS</th>
<th>DEFINITION</th>

Q. Examination Policy:  
Click here to enter text.
R. Class Attendance and Homework Make-Up Policy:

Click here to enter text.

S. Classroom Expectations:

Click here to enter text.

T. College Procedures/Policies:

Attendance Requirements: All students are required to attend all scheduled classes and examinations. Each faculty member has the right to establish regulations regarding attendance that he/she considers necessary for successful study.

Students who do not attend classes may be administratively withdrawn from those classes. However, failure to attend classes does not constitute withdrawal, and students are expected to process a formal withdrawal through the Student Records Office in Kee Hall.

Student engagement requirements: Student engagement is based on the “active pursuit” of learning which can be measured by class attendance, class participation (in class or online), taking required quizzes/examinations, and submission of work assignments or papers. Student engagement consists of a student attending at least 60% of the class sessions (there should be attendance throughout the term) and/or completing 75% of the assignments listed on the syllabus at the midpoint in the term. Exceptions can be made when there is on-going communication between the student and faculty member. The communication must be documented and the faculty member and student must be in agreement regarding the exception. Students not meeting the expectation will be administratively withdrawn from class. If a student believes he/she was administratively withdrawn in error, he/she may file an appeal. Being administratively withdrawn may have program and financial aid implications.

Academic Misconduct is any activity that tends to compromise the academic integrity of the college, or subvert the educational process. Examples of academic misconduct include, but are not limited to:

1. Violation of course or program rules as contained in the course syllabus or other information provided to the student; violation of program requirements as established by departments and made available to students.

2. Plagiarism including, but not limited to, submitting, without appropriate acknowledgment, any written, visual or oral material that has been copied in whole or in part from the work of others (whether such source is published or not) even if the material is completely paraphrased in one’s own words. This includes another individual’s academic composition, compilation, or other product, or a commercially prepared paper. Plagiarism also includes submitting work in which portions were substantially produced by someone acting as a tutor or editor.

   Such practices constitute plagiarism regardless of motive. Those who deny deceitful intent, claim not to have known that the act constituted plagiarism, or maintain that what they did was inadvertent are nevertheless subject to penalties when plagiarism has been confirmed.

3. Cheating and dishonest practices in connection with examinations, papers and projects, including but not limited to using unauthorized notes, study aids or information on an examination; obtaining help from another student during an examination; taking an exam or doing work for another student; providing one’s own work for another student to copy and submit as his/her own; or allowing another student to do one’s work and then submitting the work as one’s own. Also included would be altering a graded work after it has been returned, then submitting the work for re-grading; or submitting
identical or similar papers for credit in more than one course without prior permission from the course instructors.

4. **Fabrication** including but not limited to falsifying or inventing any information, data or citation; presenting data that were not gathered in accordance with defined appropriate guidelines, and failing to include an accurate account of the method by which data were collected.

5. **Obtaining an Unfair Advantage** including, but not limited to stealing, reproducing, circulating, or otherwise gaining access to examination materials prior to the time authorized by the instructor; unauthorized collaborating on an academic assignment; taking, hiding or altering resource material; or undertaking any activity with the purpose of creating or obtaining an unfair advantage over another student’s academic work.

6. **Aiding and Abetting Academic Dishonesty** including, but not limited to providing material, information or other assistance to another person with the knowledge that such aid could be used in any of the violations stated above, or providing false information in connection with any inquiry regarding academic integrity.

7. **Alteration of Grades or Marks** including but not limited to, action by the student in an effort to change the earned credit or grade.

In addition, cases of academic dishonesty may involve photocopied materials. Materials used may fall under the Copyright Act. Violations of said Act may subject the user and/or the College to sanctions.

**Statement on Disabilities:** Any student who requires reasonable accommodations related to a disability should inform the course instructor and the Coordinator of Specialized Services (Room 138 in Kee Hall; phone 419-755-4727).

Students who encounter difficulty in any of their courses are encouraged to visit the Tutoring Resource Center (Room 119 in Fallerius Technical Education Center) for tutoring assistance, and the Student Success Center (Room 136 in Kee Hall) for academic assistance, advising services, referrals for personal counseling and Learning Disability (LD) Testing.

**Statement on Withdrawals:** As a student, you are expected to attend class. If you are unable or choose not to attend class, or if for whatever reason you are unable to keep up with the requirements of a course, you need to officially drop the class at the Student Records Office. Refund dates and withdrawal dates will vary slightly from term to term. Contact the Student Records Office for applicable dates. Additionally these dates are posted on the academic calendar available on the college’s website, [www.ncstatecollege.edu](http://www.ncstatecollege.edu), under the Academics heading on the home page and are available at the Student Records Office in Kee Hall. Students should go to the Student Records Office (Room 142 in Kee Hall) to process their withdrawal from any class.

If you choose to walk away from your class without officially withdrawing from it, the faculty member teaching the class must grade your classroom performance on the material available to him or her. This normally results in an "F" grade. An "F" grade can lower your grade point average considerably depending on the total credits accumulated.
