- Office Location: Click here to enter text.
- Office Hours: Click here to enter text.
- Phone Number: Click here to enter text.
- E-Mail Address: Click here to enter text.

E. Credit Hours: 3
   Lecture: 2 hours
   Laboratory: 3 hours

F. Prerequisites: VCMT 1050 (minimum grade of C 73% required)

G. Syllabus Effective Date: Fall 2017

H. Textbook(s) Title:
   HTML, CSS & JavaScript Web Publishing in One Hour a Day
   - Author: Lemay, Colburn, Kyrnin
   - Copyright Year 2016
   - Edition: 7th
   - ISBN: 9780672336232

   White Space is Not Your Enemy
   - Author: Golombisky, Hagen
   - Copyright Year: 2013
   - Edition: 2nd
   - ISBN # 9780240824147

I. Workbook(s) and/or Lab Manual: None

J. Course Description: This class will cover current web design workflow, best practices for web design including responsive design and user interface design, software and languages for building web sites, web site analytics, usability, and social media. Students will build at least one responsive web site using CSS and Adobe Dreamweaver and another web site with CMS (Content Management Software) like Wordpress. Web sites will contain images, text, navigation and multimedia. Basic scripting using HTML5 and CSS also will be covered. Students should have experience with image editing software.
K. College-Wide Learning Outcomes:

<table>
<thead>
<tr>
<th>College-Wide Learning Outcome</th>
<th>Assessments - - How it is met &amp; When it is met</th>
</tr>
</thead>
<tbody>
<tr>
<td>Communication – Written</td>
<td></td>
</tr>
<tr>
<td>Communication – Speech</td>
<td></td>
</tr>
<tr>
<td>Intercultural Knowledge and Competence</td>
<td></td>
</tr>
<tr>
<td>Critical Thinking</td>
<td></td>
</tr>
<tr>
<td>Information Literacy</td>
<td></td>
</tr>
<tr>
<td>Quantitative Literacy</td>
<td></td>
</tr>
</tbody>
</table>

L. Course Outcomes and Assessment Methods:

Upon successful completion of this course, the student shall:

<table>
<thead>
<tr>
<th>Outcomes</th>
<th>Assessments – How it is met &amp; When it is met</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Plan and design a responsive web site from the beginning thumbnails thru to final posting on the Internet using the leading software for Web Design.</td>
<td>One HTML/CSS based web site project (week 6-10)</td>
</tr>
<tr>
<td>2. Apply the basic design principles of web page structure, site design and interface layout.</td>
<td>Homework chapter on Web Design from the White Space is Not Your Enemy textbook. Assessed on Quiz #2 Interface or UX design applied to Dreamweaver web site project</td>
</tr>
<tr>
<td>3. Create and construct a responsive website with CSS structure and CSS formatted text, images, a slide show, navigation graphics for web sites using image editing software and web site building software.</td>
<td>Dreamweaver Website Project</td>
</tr>
<tr>
<td>4. Research social media software and develop plans to incorporate two or more in a local business marketing plan.</td>
<td>Social Media Reports week 4-6, Social Media Marketing Plan</td>
</tr>
<tr>
<td>5. Demonstrate creativity in completion of web sites by applying design principles.</td>
<td>Creativity is 30-40% of web site design projects. Web design projects evaluated week 10 and week 16.</td>
</tr>
<tr>
<td>6. Demonstrate proper craftsmanship for web design including file naming conventions and file organization. Post and move web content to an ISP. Use correct file sizes and file types for the Internet.</td>
<td>Craftsmanship is 20% of project grades on web sites week 10 &amp; week 16. Web sites that do not follow file naming conventions do not show up on the Internet, and all web site projects and exercises are posted to the Internet before they are graded.</td>
</tr>
<tr>
<td>7. Submit completed assignments within due dates and deadlines.</td>
<td>No late work on any projects accepted. No make-up quizzes without written excuse. All projects and quizzes weeks 10 &amp; 16 for web sites and quizzes week 8 &amp; week 14.</td>
</tr>
<tr>
<td>8. Evaluate web design pages/sites for usability and application of design principles</td>
<td>Critique design and run web site usability test.</td>
</tr>
<tr>
<td>9. Create a web site using a Content Management System like WordPress.</td>
<td>.Final Web site project</td>
</tr>
</tbody>
</table>

M. Topical Timeline (Subject to Change):

1. Week 1-3 HTML & CSS coding
2. Week 4-8 Social Media Applications Presentations
3. Week 4-7 Dreamweaver
4. Week 4 Managing web sites on host servers.
5. Week 8 Image editing for the web, optimizing, image maps, slide show animation. Exercises Weeks 3-5 and while building web sites
6. Week 8-12 Dreamweaver Web site
7. Week 13-16 CMS/WordPress Web Site
8. Week 12 Social Media Marketing Presentations Week 12
9. Week 13 Website Analytics Week

N. Course Assignments:

10% Attendance & Participation
5% Homework: Chapters from textbooks
10% Quizzes: On textbook chapters and exercises
25% Exercises: Based on chapters in the textbook
8% Presentation and Marketing plan: for Social Media
42% Website Projects: One project using Dreamweaver and another project using a CMS website system

O. Recommended Grading Scale:

<table>
<thead>
<tr>
<th>NUMERIC</th>
<th>GRADE</th>
<th>POINTS</th>
<th>DEFINITION</th>

Q. Examination Policy:

Click here to enter text.

R. Class Attendance and Homework Make-Up Policy:

Click here to enter text.

S. Classroom Expectations:

Click here to enter text.
T. **College Procedures/Policies:**

**Attendance Requirements:** All students are required to attend all scheduled classes and examinations. Each faculty member has the right to establish regulations regarding attendance that he/she considers necessary for successful study.

Students who do not attend classes may be administratively withdrawn from those classes. However, failure to attend classes does not constitute withdrawal, and students are expected to process a formal withdrawal though the Student Records Office in Kee Hall.

**Student engagement requirements:**
Student engagement is based on the “active pursuit” of learning which can be measured by class attendance, class participation (in class or online), taking required quizzes/examinations, and submission of work assignments or papers. Student engagement consists of a student attending at least 60% of the class sessions (there should be attendance throughout the term) and/or completing 75% of the assignments listed on the syllabus at the midpoint in the term. Exceptions can be made when there is on-going communication between the student and faculty member. The communication must be documented and the faculty member and student must be in agreement regarding the exception. Students not meeting the expectation will be administratively withdrawn from class. If a student believes he/she was administratively withdrawn in error, he/she may file an appeal. Being administratively withdrawn may have program and financial aid implications.

**Academic Misconduct** is any activity that tends to compromise the academic integrity of the college, or subvert the educational process. Examples of academic misconduct include, but are not limited to:

1. **Violation of course or program rules** as contained in the course syllabus or other information provided to the student; violation of program requirements as established by departments and made available to students.

2. **Plagiarism** including, but not limited to, submitting, without appropriate acknowledgment, any written, visual or oral material that has been copied in whole or in part from the work of others (whether such source is published or not) even if the material is completely paraphrased in one’s own words. This includes another individual’s academic composition, compilation, or other product, or a commercially prepared paper. Plagiarism also includes submitting work in which portions were substantially produced by someone acting as a tutor or editor.

   Such practices constitute plagiarism regardless of motive. Those who deny deceitful intent, claim not to have known that the act constituted plagiarism, or maintain that what they did was inadvertent are nevertheless subject to penalties when plagiarism has been confirmed.

3. **Cheating** and dishonest practices in connection with examinations, papers and projects, including but not limited to using unauthorized notes, study aids or information on an examination; obtaining help from another student during an examination; taking an exam or doing work for another student; providing one’s own work for another student to copy and submit as his/her own; or allowing another student to do one’s work and then submitting the work as one’s own. Also included would be altering a graded work after it has been returned, then submitting the work for re-grading; or submitting identical or similar papers for credit in more than one course without prior permission from the course instructors.

4. **Fabrication** including but not limited to falsifying or inventing any information, data or citation; presenting data that were not gathered in accordance with defined appropriate guidelines, and failing to include an accurate account of the method by which data were collected.

5. **Obtaining an Unfair Advantage** including, but not limited to stealing, reproducing, circulating, or otherwise gaining access to examination materials prior to the time authorized by the instructor; unauthorized collaborating on an academic assignment; taking, hiding or altering resource material; or
undertaking any activity with the purpose of creating or obtaining an unfair advantage over another student’s academic work.

6. **Aiding and Abetting Academic Dishonesty** including, but not limited to providing material, information or other assistance to another person with the knowledge that such aid could be used in any of the violations stated above, or providing false information in connection with any inquiry regarding academic integrity.

7. **Alteration of Grades or Marks** including but not limited to, action by the student in an effort to change the earned credit or grade.

In addition, cases of academic dishonesty may involve photocopied materials. Materials used may fall under the Copyright Act. Violations of said Act may subject the user and/or the College to sanctions.

**Statement on Disabilities:** Any student who requires reasonable accommodations related to a disability should inform the course instructor and the Coordinator of Specialized Services (Room 138 in Kee Hall; phone 419-755-4727).

Students who encounter difficulty in any of their courses are encouraged to visit the Tutoring Resource Center (Room 119 in Fallerius Technical Education Center) for tutoring assistance, and the Student Success Center (Room 136 in Kee Hall) for academic assistance, advising services, referrals for personal counseling and Learning Disability (LD) Testing.

**Statement on Withdrawals:** As a student, you are expected to attend class. If you are unable or choose not to attend class, or if for whatever reason you are unable to keep up with the requirements of a course, you need to officially drop the class at the Student Records Office. Refund dates and withdrawal dates will vary slightly from term to term. Contact the Student Records Office for applicable dates. Additionally these dates are posted on the academic calendar available on the college’s website, [www.ncstatecollege.edu](http://www.ncstatecollege.edu), under the Academics heading on the home page and are available at the Student Records Office in Kee Hall. Students should go to the Student Records Office (Room 142 in Kee Hall) to process their withdrawal from any class.

If you choose to walk away from your class without officially withdrawing from it, the faculty member teaching the class must grade your classroom performance on the material available to him or her. This normally results in an "F" grade. An "F" grade can lower your grade point average considerably depending on the total credits accumulated.
